

SUCCESSION WAR OF ELYON

UI Mockup Pack v3 • 16 Screens • Character Refresh

3 title-screen directions and 13 in-game scenes covering the core loop, deck management, shop, agent hub, lore catalog, settings, onboarding, and defeat states. v3 introduces hand-drawn pixel portraits for the 5 clan houses, named hero busts (Capt. Vega, Lady Kuro, Blade Marshal, King's Last Guard, Iron Empty Armor, Bloodhand), and 4 distinct mech silhouettes for AI agents.

All mockups rendered at 1024x576 (16:9) in the 0xARK Sprite Seas design system: VT323 bitmap type, locked GBA-era palette, 2px hard borders, no anti-aliasing.

COMMIT HAND

Each round, both players pick 3 cards from hand and seal them in a ZK commitment before either side can see what the other played. The on-chain seal proves you committed first - but reveals nothing. Cheating is impossible; you can only choose well or poorly.
